

We Work for Clients Who Care Resource List

Ethics, Clients, and the Work We Create

- [Good Design for a Bad World](#) - Article
Article arguing that, “designers are better equipped than any other profession to offer solutions to issues such as pollution, climate change and depletion of resources.”
- [Ethics can't be a side hustle](#) - Medium Article
“Where can you do good work? The answer is so obvious as to be painful. Right where you stand. That’s where you do good work.”
- [Should Designers Take Responsibility for the Ethics of Their Clients?](#) - AIGA Blog
An article focused on whether the, “behavior of businesses should concern the designers (or agencies) who work for them.”
